

# ENVIRO TENT

## PRODUCT FEATURES!

- Heavy Duty Light Blocking Zipper
- Secure "Pull String" Dual Ventilation Ports
- Durable Powder-Coated Steel Frame
- Thick Fabric Material for Longevity
- Creates Indoor Growing Environment

### Available in 5 Different Sizes

The Grower's Authority® Envirotent is made of thicker material than other brands on the market. Our tents feature heavy duty waterproof zippers and seams to ensure longevity and to prevent light penetration through to the exterior. The strong powder-coated steel poles assist in preventing rust. It's highly reflective mylar diamond-patterned interior provides your plants with a steady, evenly distributed supply of light. This tent is also equipped with dual ventilation ports to ensure proper air flow and consistent temperatures. The Envirotent comes in several different sizes to meet all your growing needs.
